Little Friends for Big Changes

Image tips for best results

Tips for grabbing a quick pic of your child's favorite toy and comfort item to upload:

Toy tip:

- Avoid large toys like a playhouse or bike. Something that contrasts with the brown/tan background is ideal.

Comfort item tip:

- Roll or fold if using a blanket

All images:

- Do not use a flash; white or light background is ideal but not a must
- The higher the resolution of your image, the better the result. Your photos will be printed at the level of quality you upload them. Please avoid blurry or dark photos.
- We accept .jpg and .png formats.
- Typically, professional photos or photos taken with a smart phone are high resolution.
- Typically, Facebook or other social media sites are not high resolution.

Do

Take close up at eye level in natural light (no flash)

Don't

Take it from above

Don't

Take it too far away (it decreases image quality)

Examples:

<p>Once upon a time there was a bear named Bear. (That's me!) Bear lived in a den in the forest with his mom and dad.</p> 	<p>Once upon a time there was a bear named Bear. (That's me!) Bear lived in a den in the forest with his mom and dad.</p> 	<p>Once upon a time there was a bear named Bear. (That's me!) Bear lived in a den in the forest with his mom and dad.</p>
